HP EVGA PD02 PCoIP Zero Client
 Nieuw in originele verpakking voor een absolute bodemprijs!

EVGA's New VMware-certified PCoIP zero client for cloud computing. Reduce your total cost of ownership, free up desk space and eliminate the provisioning, maintenance, and support of desktop PCs while still providing a true, uncompromised PC experience. The EVGA PD02 is a true zero client that provides a small footprint, low power consumption, centralized virus protection, operating system versatility, and full USB device support. Centralized computing is now a true viable option for all user types, either locally via LAN or remotely via WAN.

Belangrijkste eigenschappen: 10/100/1000 Base-T Gigabit Ethernet netwerk
 Geoptimaliseerd voor zowel LAN als WAN netwerken
 Zeer compact ontwerp
 Imprivata OneSign Virtual Desktop Access™
 Gratis Management Console
 Host Card compliant (HD01/HD02)

Specificaties: Processor: TERA1100 PCoIP® zero client
 Ingebouwd geheugen: 128MB XDR RAM
 2x (Dual) single-link DVI-I poorten
 Mogelijkheid voor Kensington beveiligingsslot
 4x USB 2.0 aansluitingen
 Knoppen voor Voeding & Remote PC restart
 Netwerk interface: 10/100/1000 Base-T Gigabit Ethernet
