Our Chevrolet Spark is waiting for a new owner. Our family became bigger and we need a bigger car as well.

In nice condition. Comes with set of winter tires and rims, service book and two original keys.  
 Since we had the car we only had to made the yearly service like oil change and apk, but we didn't had other unexpected problems.  
 By 100.000 km we changed the break system and the accu for new.  
 Interior in color black/dark grey and red, including black leather look seat covers with red details.  
 Don't hesitate to contact us for more information or appointment!
