Apple carplay, S-line 18" wheels, heated front seats, well maintained.

Selling my Audi A3 sedan in search of a bigger car. I've had the Audi since 2021 and it has been very well looked after. 1.0 TFSI engine is very economical but I am still pleasantly surprised how well this small engine pulls. It is also very quiet on the highway because of the 6th gear, it has been a great commuter car.

The A3 has the Audi infotainment plus Apple.
