Beste Renault bezitters,

bent u in het bezit van een Renault met het oude R-Link 1 systeem of het R-Link 2? Zat dat uw TomTom kaart niet actueel is?  
 Kom dan Android Auto activeren.

Heefy u R-Link met versie 2.2. Dan moet je eerst hiervoor naar de Renault garage gaan en vragen of ze de update willen uitvoeren naar software versie 7. Heeft u vragen hierover, kunt u mij een bericht sturen.
