

## Dubbelwandig Gesoleerd Garage Zolder Elektrische Deur Groot (7.500 EUR)

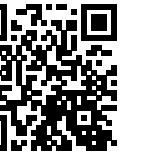

Locatie

Groningen, Bellingwolde

<https://www.advertentiax.nl/x-1521479-z>

De garage is 9 meter lang, 4.5 meter breed en 4.8 meter hoog. De garage is dubbelwandig en is geïsoleerd. De garage is ook voorzien van een elektrische deur, 4 kiepramen met thermopane. Ook is de garage voorzien van een zolder. Ik verkoop de garage compleet inclusief vloer en 7 tot 8 meter werkbank. Het hokje rechts van de garage biedt ruimte voor een aanhanger etc. en loopt door tot het einde van de garage. Bij interesse doe een serieus.

|                                                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                                  |
