

## Yamaha R1 Circuitmotor FULL Option (7.250 EUR)

Locatie **Overijssel, Enschede**  
<https://www.advertentiax.nl/x-1521588-z>

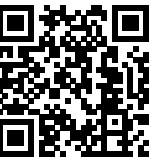

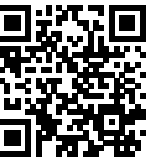

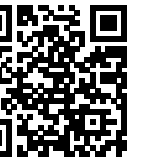

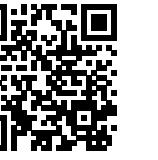

Met pijn in mijn hart bied ik de prachtige circuitmotor aan.  
 Reden: weinig tot geen tijd meer voor het racen + andere prioriteiten.

Deze motorfiets verkeerd in een top conditie en is zeer goed onderhouden.

Er is altijd Motul 300V Road Race Ester Core olie gebruiken en Motul RBF 660 Factory Line DOT4 remvloeistof.  
 In het koelsysteem bevind zich gedemineraliseerd water met Motul Mo Cool toevoeging.

Op deze pracht fiets bevinden zich de volgende opties:

- YEC ECU (computer)
- YEC Kabelboom.
- YEC Koppakking.
- YEC Koppelings veren.
- YEC Luchtfiler.
- Dynojet Quickshifter.
- Compleet titanium Arrow uitlaatsysteem.
- Öhlins TTX Limited Edition achtershockdemper.
- S.O. Products voorvork modificatie.
- MotoGP stuurknoppen (1. Radiatorfan bediening 2. Pit Limiter 3. Map).

|                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |

- 
- GB Racing krukas deksel cover.
  - Ben Spies frame Modificatie (frame is stijver gemaakt).
  - Brembo radiale rem pomp.
  - Brembo zwevende remschijven.
  - Stalen remleiding voor en achter.
  - SBS Dual Carbon remblokken.
  - Akrapovic Carbon voorspatbord.
  - Akrapovic Carbon tank afdekking.
  - Carbon luchtinlaten.
  - Volledig CRC lichtgewicht kuipwerk.
  - Kuipwerk volledig bevestigd met snelsluiters.
  - Motor is afgesteld bij Ahnendorp Tuning.
  - Uitdraai testbank aanwezig (Ahnendorp Tuning).
  - Rem en koppelingen bescherming.
  - Valtermoto remschakelset (omgekeerd schakelen).
  - Explosafe tank foam.
  - Milieu modificatie (carter ontluchting).
  - Spanningsregelaar modificatie (verplaatst).
  - Alles kan geborgt worden volgens ONK reglement.

Diverse extra's zoals:

- Extra set velgen incl. (oude) Regenbanden.
- Extra kuipset.
- Extra kontje mee regenachterlicht.
- Diverse reserve/originele onderdelen.
- Complete YEC revisie set (pakkingen, bouten, zuigerveren etc. zie foto's)

Prijs is inclusief alle extra's.

Mocht je vragen hebben stuur rustig een berichtje.
