

## Doerak 780 AK (13.500 EUR)

Locatie **Gelderland, Ammerzoden**  
<https://www.advertentiax.nl/x-1521807-z>

Doerak 780 AK met achterkajuit.  
 In de achterkajuit zijn 2 extra slaappleatsen, dus ideaal voor gezinnen! Naast de basisuitrusting is er een elektrisch toilet met vuilwatertank aanwezig en een compressorkoelkast met zware 2e serviceaccu. De boot heeft in 2021 nog een hellingbeurt gehad waarbij onderwaterschip opnieuw gecoat is en voorzien van antifouling en het bovenwaterschip volledig geschilderd is. De motor is een Peugeot Indenor.

|                                                                                                                                                                                                                     |                                                                                                                                                                                                                      |                                                                                                                                                                                                                      |                                                                                                                                                                                                                      |                                                                                                                                                                                                                       |                                                                                                                                                                                                                        |                                                                                                                                                                                                                        |                                                                                                                                                                                                                        |                                                                                                                                                                                                                        |                                                                                                                                                                                                                        |
