Ducati Monster 620 2002
 A2 possible using limiter

The good:

- Drives well
- Visually very good - no exterior damage (apart from normal wear and tear)
- great sound due to aftermarket exhaust
- Good starter motorcycle
- spring checkup done this year

The not so good:

- mileage not visible. Should have around 38k. I bought it around 31k in 2016
- Rev counter not working (apart from select days where it feels like working)
- Needs valve checkup - last time i had it was 2020
- Fuel light not working

Selling it since i barely use it.
