Hello

I came from Ukraine last year and we stayed as guests in a Dutch family's house for 9 months with my family. I bought this boat with the thought of using it as a house during this period, but my wife did not want to live on the boat. It has been in the marina since the day I bought it and we have never used it. The owner of the boat before me said that it was in good condition, but I can't say anything clear because I don't have any information about it.

Since the summer season has started, I am asked to remove it from the marina, so I am putting it up for sale.

Brand is Dufour 35
 Year : 1980
 Engine : Yanmar
