We are selling this because we are at the moment purchasing a new car. The car itself has taken us till this day to all our meetings all over the Netherlands and vacations in France. In addition, the car has a capacity to hold a family of 5 with storage room in the trunk.

Good radio Bluetooth system installed and seat warming as well.

The APK is up in September at the moment but we believe it will pass again. The tires are new and other areas of the car is great.

Unfortunately, there are a few things to give honest notice to and that is the following:

1. Left window clip in system is damaged and have to be repaired. This will cost around €50/75.
2. Windshield wiper in the back, motor is new but we can get it to stop so we unplugged.
3. A few lights need to be changed.
4. Arm rest is damaged due to clip but can also be repaired easily. DIY.
5. During winter and extreme rainy days, defogger is needed.

Overall if you see, drive and hear the car, all is in order for a car that is 17 years old. Lastly, Buyer will receive car fully cleaned, washed and quarter tank and ready to!
