Rev'it motorcycle airwave jacket, size 40, ladies

Keep cool (and protected!) in the heat, designed with a female-specific fit. With CE-rated armour at shoulders and elbows.

Keep riding in comfort and safety despite rising temperatures with the REV T! Airwave 3 Ladies jacket. Both stylish and affordable, making sure you look good without breaking the bank. The Airwave 3 Ladies is created with PWR|shell mesh panels at the front, back, and arms, allowing for a continuous flow of air to keep the rider cool out on the open road. Abrasion-resistant stretch ripstop chest panels help improve comfort and flexibility on the bike while adjustment tabs on the arms, and straps on the hips, will help riders achieve the perfect fit every time. On the safety side, CE-level 1 SEESMART armor at the shoulders and elbows keep riders protected.

The jacket has also Revit SEESOFT CE-level 2 back protector which was added separately for 40 EUR. I have included that in the.
