Hello! BRAND NEW 2023 Macbook Pro 14" Silver at a huge discount.

Original Price €3,749 Selling €3,149

Pickup only or if in Amsterdam can organise to meet up. No shipping.

My wife recently returned from Sydney, Australia and bought a brand new Macbook Pro 14", However she bought me the wrong one, I wanted the 16". I've spoken with Apple care and I can either sell it here or send it back to Australia. I prefer not to pay those shipping costs, So I'm offering it at a discount. The computer is completely brand new. Hasn't been taken out of it's plastic sleeve. All accessories brand new. I hope someone can take advantage of our mistake as I really want the 16".

Important to note. Macbook Pro's have an international warranty. So it's no different if you purchased the machine here. Link to the exact machine: https://www.apple.com/nl/shop/buy-mac/macbookpro/14%E2%80%91inch-spacegrijs-apple-m2-max-met-12-core-cpu-en-30-core-gpu-1tb#

Note: My wife did leave the box behind however as it didn't fit in her luggage.
