Machine operator

Bedrijfsomschrijving

Can-Pack Helmond operates in the metal packaging market for over 30years. During this period, Can pack Group has become a leading manufacturer in the beverage packaging industry in Central and Eastern Europe, and constantly strengthens its market position in Western Europe, Asia and Africa. In the recent years the CANPACK Group has achieved spectacular success, evolving into a modern Capital Group and is now one of the leading manufacturers of metal packaging in the world. The plants of the Group employ nearly 8 000 people worldwide. The installed capacity currently allows to offer approximately 25 billion of beverage cans, around 28 billion pieces of bottle closures, approximately 1 billion of metal containers for the food and the chemical industries, and approximately 700 tons of glass packaging a year.

As a machine operator at Can-Pack Helmond, you are responsible for the production run, and you ensure that it runs as smoothly as possible. You work in one of the most modern production halls where attention for details and neatness are very important.
