Quality control employee

Bedrijfsomschrijving

Can-Pack Helmond operates in the metal packaging market for over 30 years. During this period, Can-Pack Group has become a leading manufacturer in the beverage packaging industry in Central and Eastern Europe, and constantly strengthens its market position in Western Europe, Asia and Africa. In the recent years the CANPACK Group has achieved spectacular success, evolving into a modern Capital Group and is now one of the leading manufacturers of metal packaging in the world. The plants of the Group employ nearly 8 000 people worldwide. The installed capacity currently allows to offer approximately 25 billion of beverage cans, around 28 billion pieces of bottle closures, approximately 1 billion of metal containers for the food and the chemical industries, and approximately 700 tons of glass packaging a year.

Functieomschrijving

You take measurements and samples of products according to guidelines. You check and clear batches of products before they go to the warehouse. You actively control and guard the quality of products in different stadiums of the production process. You perform tests according to the quality plan. You stop products from going out that are not up to the quality standards.
