I sell the iPhone XR 64 XR without a box of it because it's in another country (but I can send a picture of it). The phone looks good, without any visual defects, it was always with screen protector and with a case (on the picture the phone is with a screen protector). Working also good, but you need to clean the upper speaker because it's a little bit dirty and working not as good as I wish, the battery health is%.
