

# Audi Q5 Hybride 55TFSI S-Line Edition Quattro (46.950, EUR)

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentieX.nl/x-1568900-z>

Zeer nette Audi Q5 Hybride 55 TFSI 367PK met de S Line uitvoering en vol met opties.

De auto is vanaf nieuw in ons bezit en altijd op het bedrijf gereden. Ivm de aankoop van een nieuwe bedrijfswagen gaat deze de verkoop in.

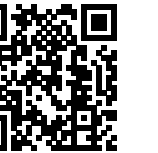

Zowel thuis als op het bedrijf heeft de auto altijd binnen gestaan en dat is ook te zien. De auto is in zeer nette staat en rijdt super.

Onderhoud is altijd volledig bij audi zelf gedaan. De boekjes, 2 sleutels en laadkabel zitten er netjes bij. Winter velgen zijn optioneel mee te kopen.

Btw is niet aftrekbaar, het betreft nu een marge auto.  
 Bouwjaar: 08-2020  
 APK goed tot: 08-2024

Belangrijke kenmerken:

Apple CarPlay  
 Keyless entree

|                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                      |
