Hey there! I'm selling my 2019 Razer Stealth 13" laptop. It comes with the original box, papers and even a North American power cable! I bought this laptop in 2019 when it came out for my studies. I was living in the US at the time, so that's why it comes with both the EU and NA power cables. I've always treated it well and it has no scratches. It is matte black, so it catches a lot of fingerprints, but I've wiped them off.

I've wiped the computer clean, so it is ready to use (needs to be set-up as a first time user)

Specs: Intel Core i7-8565U; 4-Core
Nvidia GeForce MX150 GPU 16GB RAM
256GB storage SSD

Windows 11 - latest update (22H2)
53,153 mWh capacity on the battery - still excellent battery life!

I, unfortunately, don't speak Dutch, but I will try my best to communicate with you if you're.
