

Wrenchmonkees Yamaha XJR1300 x27Skullmonkeex27 (31.995 EUR)

Locatie **Noord-Holland, Muiden**
<https://www.advertentieX.nl/x-1574846-z>

World famous Yamaha showbike built by Danish custom builders The Wrenchmonkees for Yamaha Motor Europe to showcase thier YardBuilt programme.

The XJR was customised and modified by The Wrenchmonkees without any cutting or welding to the frame and was launched at the 2015 BikeShed Show in Paris to celebrte the 20th Anniversary of the XJR1300.

The build uses many bespoke parts that include:

- Wrenchmonkees CNC-milled aluminium triple trees
- Wrenchmonkees CNC-milled aluminium engine covers
- Custom black aluminium clip-ons
- Biltwell grips
- MMB mini digital speedo
- Wrenchmonkees custom headlight
- Beringer front and rear brake set-up, including Hypersport brake discs, calipers, brake master cylinder and matching clutch master
- Black steel-braided brake hoses
- Customised matt-black aluminium rearsets
- Black Öhlins STX36 shocks

LSI Titan Steering damper
Wrenchmonkees custom engine bracket
Wrenchmonkees 4-into-1 stainless steel exhaust system
Custom matt-black paint with skullmonkee emblem
Wrenchmonkees custom black aluminium clip-ons
Michelin Pilot Road 4S
The bike was built for Yamaha on a pre-production frame for show purposes. After one year of touring Europe at a lot motorcycle shows it was returned to the Wrenchmonkees and rebuilt on a registered Yamaha XJR1300 frame. The Wrenchmonkees removed the EFI and replaced with Mikuni flat slide carbs at the same time for increased power and a higher rev range.

The bike was covered extensively in the motorcycle media and the build story can be found here on youtube: <https://www.youtube.com/watch?v=xS3hl3mTdFE>
