An instant hit: The Refraction
 Built to satisfy the high demands of elite Slingshot team riders, Sam Light and Karolina Winkowska, the Refraction pro model provides the type of explosive performance and field-tested consistency that the hardest-charging kites demand. Modeled after Slingshot wakeboarding's popular whip board and then tailored to the specific needs needs of both Sam and Karolina, the Refraction was born. Garnering DNA and influence from the most progressive riding from each aspect of kiteboarding the refraction is the peak of true true twin-tip performance.

In zeer goede.
