Mitsubishi Lancer GSR Evolution VII 2001 Grijs

RHD Lancer EVO 7 GSR for sale, Located in the Netherlands.

Hi all, I have this stunning condition EVO 7 for sale.

The EVO is a 2001 model, 5 speed turbo engine. (4G63)

Factory color is A69 Satelite silver. The paint looks good for a 22 year old car. Its still a fast car for its shy 300HP. The car drives, brakes and turns very responsive.

The car has always been kept in garage and avoided the rain since my ownership.

Milage of the car is little over 189.000 km and still runs amazing. Car is also rust free what was very important to me when I imported this car from Japan.

Engine is still stock and has not been opened. Interior is also in very good condition.

Reason why I want to sell this car is that ive owned this car since January 2019 and just lost my interest in the car hobby.
