

Financial Controller

Locatie **Gelderland, Putten**
<https://www.advertentiax.nl/x-1581285-z>

Do you have a financial degree and are you communicative, punctual, collegial and responsible? Then come and join the team of Yaskawa Benelux as a Financial Controller What you will be doing - You are responsible for the complete financial administration for the DMC and Robotics divisions. - You provide the monthly reports for the DMC and Robotics divisions. - You support the Finance Manager with the preparation of management reports, monthly and annual closing and budgets. - You act as back-up for the Finance Manager. - You prepare tax and external reports (VAT, corporate tax, CBS, etc.) and internal analyses. - You participate in the team for automation and improvement projects. - Ad hoc work. - You report to the Finance Manager of Yaskawa Benelux. Our offer We are a team of enthusiastic colleagues and part of a large multinational company. There is an informal atmosphere and we regularly organise fun joint activities. We offer plenty of opportunities to keep developing yourself and also growth opportunities within the organisation with good fringe benefits. We are a growing company that wants to further expand its market position together with you. We offer you a permanent contract and working from home is one of the possibilities. You will leave home with your lease car and will of course receive a company phone. Our expectations - You have a completed Bachelor's degree in finance or equivalent through experience. - Ideally at least 5 years' experience in a similar position. If the experience is lacking, we would still like to receive your application. - You have an excellent command of the Dutch language. In connection with the international contacts within Yaskawa, you also have a good command of English, both verbally and in writing. - You are communicative, punctual, collegial and responsible. - You are available for 32-40 hours a week. - Experience in working with SAP is an advantage.
