

Automonteur Service Technician - Roermond

Locatie **Gelderland, Putten**
<https://www.advertentiax.nl/x-1583897-z>

Do you want to help accelerate the world's transition to sustainable energy?

At Tesla that's our mission.

We are looking for a talented Automotive Technician for our Tesla's Service Centers in Roermond. At Tesla, our Mechanics are the backbone of the Service operation, supporting our mission to accelerate the world's transition to sustainable energy. We've created one of the most innovative vehicles ever made, and as a Service Technician you will help ensure an equally innovative service to our customers.

Service, repair and improve: Working with Tesla specific software and advanced tools you will be performing repairs and maintenance on all types of Tesla vehicles, with and without supervision according to skill level
 Ensure top quality: Fix it right first time, we trust you to inspect our vehicles diligently before return and pre-delivery and to work with the highest quality standards
 Collaborate: Working across teams (local and regional) you will be sharing support and best practices in order to further improve the service experience
 Develop: Setting you up for success our dedicated in-house training teams will train you on Tesla specific technology and the repair of Electrical Vehicles
 Technically experienced: You have professional experience performing vehicle service and repairs working within either automotive, aviation, marine or similar industries
 Technically qualified: You ideally have relevant certification to perform vehicle repairs in (insert country). You will self-manage your technical expertise development
 A good communicator: You speak and write English and/or Dutch well and know how to get your point across clearly and respectfully
 Safe to drive: We require you to hold a full European driver's license (Class B for cars)
 Flexible: You may work in shifts to support your team, which may include weekends, morning and evening shifts. You are willing to travel for mobile repairs and detail cars, when needed
 Eligible: to work in the Netherlands
 We also offer
 A dynamic and fast-paced environment where inclusion, learning and collaboration are key to success
 The chance to work with innovative technology, advanced tools and software
 Ongoing training and development to help you grow your skills and career
 A competitive compensation and benefits package including Tesla shares

Wil jij de globale transitie naar duurzame energie versnellen?
