

Mobile Service Technician Automonteur - Arnhem

Locatie **Gelderland, Putten**
<https://www.advertentieX.nl/x-1583913-z>

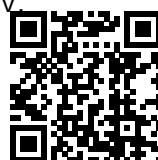

We are looking for talented Automotive Technicians for Tesla's Service Centers across The Netherlands. At Tesla, our Mechanics are the backbone of the Service operation, supporting our mission to accelerate the world's transition to sustainable energy. We've created one of the most innovative vehicles ever made, and as a Service Technician you will help ensure an equally innovative service to our customers.

We offer a dynamic and fast-paced environment where inclusion, learning and collaboration are key to success. The chance to work with innovative technology, advanced tools, and software. Ongoing training and development to help you grow your skills and career. An opportunity to utilize varying models of our fleet for daily operations and repairs. A competitive compensation and benefits package including Tesla shares. You will Service, repair and improve: Working with Tesla specific software and advanced tools you will perform repairs and maintenance on all types of Tesla vehicles in a remote setting. You are willing to travel for mobile repairs. This is an independent position, mainly on the road driving to customers. Upon request, you may need to be in a service center. Ensure top quality: Fix it right first time, we trust you to inspect our vehicles diligently before return and pre-delivery and to work with the highest quality standards. Collaborate: Working across teams (local and regional) you will share best practices to further improve the service experience. Develop: Setting you up for success our dedicated in-house training teams will train you on Tesla specific technology and the repair of Electrical Vehicles. You are Technically experienced: You have professional experience performing vehicle service and repairs working within either automotive, aviation, marine or similar industries. Technically qualified: You have relevant certification to perform vehicle repairs in The Netherlands. A good communicator: You speak and write Dutch and English well and know how to get your point across clearly and respectfully. Safe to drive: We require you to hold a full European driver's license (Class B for cars) held for a minimum of two years. Flexible: You may work in shifts to support your team, which may include weekends, morning, and evening shifts.

Join the mission. Apply today.

To be considered for our roles in The Netherlands, it is required that you already have the right to work within EU/ EEA.

Applications must be submitted online and contain an English CV
