

# CNC Operator

Locatie **Gelderland, Putten**  
<https://www.advertentiax.nl/x-1585347-z>

Over de functie

Are you technically skilled and do you enjoy working in a production environment making products with advanced machines? Are you flexible and willing to work in shifts? Currently, we are looking for a motivated, independent CNC Operator within our Punching department with knowledge and experience of CNC punching of accurate sheet metal products.

As a CNC Operator, you will independently produce semi-finished and/or finished products by setting and operating the CNC punching machines. You do this by means of instructions/drawings, assignments and provided means, within the set standards. In this position you will report to the Team Manager.

Your tasks as a CNC Operator  
 Reading work orders, instructions and drawings;  
 Adjusting and optimizing NC-programs for the machines;  
 Collecting and checking the necessary materials;  
 Independent operation of the machines and carrying out the associated production activities;  
 Product control (quality control) of the self-produced products;  
 Performing the necessary user maintenance to the machines  
 When you join the team in Veghel as a CNC Operator, we offer you the following  
 Full-time position of 40 hours per week with the possibility of a permanent contract (uitzicht op een vast contract);  
 Salary indication ranging from &euro;2500 to &euro;3000, depending on experience and education;  
 Learning and development opportunities; they invest in their employees for the long term, not only with salary and secondary benefits but also with ongoing learning and development possibilities;  
 Gender diversity and equality of men and women are key themes in their company policies. They act inclusively and ensure equal and meaningful opportunities for all employees;  
 A pleasant work atmosphere and company environment; safety, well-being, and ethics are highly important to this organization  
 What do we ask from you for the position of CNC Operator?  
 Education, training or experience in metalworking;  
 Accurate and able to work independently;  
 Experience with the production of small series of accurate thin sheet metal products;  
 Preferably knowledge of and experience with the adjustment of CNC punching machines;  
 Willing to work in shifts;  
 You are motivated, enthusiastic and collaborative;  
 You have quality awareness  
 Over het bedrijf

The company where you will soon be employed as a CNC Operator is a knowledge-driven producer and worldwide supplier of high-quality solutions for data center

infrastructure. The parent company is present in more than 180 countries. They stand out thanks to innovation and flexibility. Customers are assured of the latest data center technology and modular solutions that meet specific customer requirements. This company is located in Veghel, easily accessible from Eindhoven and Den Bosch.

How nice that you are still enthusiastic about the CNC Operator position. What are the next steps? &bullet; Start with an interview with the recruitment manager; &bullet; After the interview, there is a possibility of introducing you to the new team. You will follow up with a good job selection? Congratulations, you will be a CNC Operator!
