CBR1000RR Fireblade 2005 in collection state with only 28000 Kms!! Bike kept inside the living room during winters and connected to Slow charger. I am the 3rd owner.

This motorcycle has an rare alarm system OEM from Honda. It came like this from dealership and it comes with all the paperworks of the alarm system and second alarm key (see In pictures).

Has a complete exhaust line from Leo Vince with removable DB killer. I also have the original OEM complete exhaust and the original mount with blinkers.

It has a Puig tinted windscreen.

Also has a addition to the passegenser seat, in case you like to ride alone. Also the original toolbox is present
