As a Front-End Developer at Coolblue Energy you improve the user-friendliness of our webshop for our ;
 How do I become a Front-End Developer Coolblue Energy at Coolblue?
 Coolblue Energy is a green energy company for everybody who wants to save energy. As a Front-End Developer you work on the user-friendliness of our Coolblue Energy website. You enjoy working with the UX Designer to pick up stories. You get energy from coming up with creative solutions and are happy to present these within the team. You also take pride in your work and welcome any feedback. Would you like to become a Front-End Developer at Coolblue Energy? Read below if the job suits you.

You enjoy doing this
 Improving the user-friendliness of our webshop for millions of customers
 Keeping an eye on the performance of the webshop and analyze how you can improve it
 Thinking about technical choices, such as our architecture, tools and processes
 Share knowledge during pair programming and comment constructively on pull requests
 Working on Github and like writing automated tests to ensure software quality yourself
 Working in a fast paced Continuous Integration & Deployment environment
 You recognize yourself in the following
 You have 3+ years of experience as a Front-End Developer
 You have a BSc or MSc in Computer Science or comparable
 You have in-depth knowledge of pure JavaScript without additional frameworks
 Experience with JavaScript (ES2017), HTML and CSS/SCSS
 Experience in a Back-End language is a bonus
 Working with Scrum/Agile is second nature to you
 You're fluent in English
 This is what you're looking for in a job
 Money
 Over 30 training courses at our own Coolblue University
 Travel allowance and a retirement plan and where-you-work-allowance
 25 days of leave. As long as you promise to come back
 A discount on all our products
 An office 5 minutes by foot from Utrecht central station, right in the heart of the Netherlands
 An extraordinarily good work environment with colleagues from all over the world who make you happy, epic (digital) Coolblue parties, pubquizzing, and other activities
 Working together in an international environment with colleagues from the Netherlands, Belgium, Germany, Spain, Turkey, Brazil, Mexico, and Italy, among ;
 Room for new initiatives and ideas.
 We're always open to those, whether you've been with us for a week, a month, or a year
 Hybrid working: a fine balance between working at the office and working from home. Of course, we'll help you create the best home-office possible. Including desk chair, laptop, and blue garlands
