

Junior Product Owner

Locatie **Gelderland, Putten**
<https://www.advertentieX.nl/x-1591747-z>

Together with one or more development teams and your stakeholders, you make sure we help our customers a little bit better every day with a short-term and long-term development roadmap. How do I become a Junior Product Owner at Coolblue? You like to be responsible for the customer journey within one of the domains at Coolblue. You work together closely with your development teams to implement improvements for customers and Coolblue colleagues. Together with Customer Journey Experts, Business Analysts, and other Product Owners, you try to create new ideas, prioritize them, and divide them into small parts so you can get started with them. At the same time, you're able to explain your vision at board level and what the roadmap will look like to add value in the short and long term. You'll also develop an obsession with improvement, because there are still many opportunities to make the customer journey in your domain even better! Do you want to be a Junior Product Owner at Coolblue? Continue reading to see if it suits you. You enjoy doing this Making sure you and your development team are always working on the right things. Discussing with the Customer Journey Expert, Business Analysts, stakeholders, interaction designers, and your development team to reach the best result possible for your specific domain. Keep improving. You've already spotted 3 things on the website you want to change. Having impact by daring to make important choices. "What do we do now, and what do we do later?" Discussing your own growth with your colleague Product Owner within the same domain, and what you need to accomplish that growth. You recognize yourself in the following Money. Over 30 training courses at our own Coolblue University. Travel allowance and a retirement plan and where-you-work-allowance. 25 days of leave. As long as you promise to come back. A discount on all our products. An extraordinarily good work environment with colleagues from all over the world who make you happy, epic (digital) Coolblue parties, pubquizzing, and other activities. Working together in an international environment with colleagues from the Netherlands, Belgium, Germany, Spain, Turkey, Brazil, Mexico, and Italy, among ; Room for new initiatives and ideas. We're always open to those, whether you've been with us for a week, a month, or a year. Working from an office at a great location in Rotterdam. Do you have interest in working as a Product Owner for Coolblue Energy in Utrecht? Then your office is also at an A-location! Hybrid working: a fine balance between working at the office and working from home. Of course, we'll help you create the best home-office possible. Including desk chair, laptop, and blue garlands. This is what you're looking for in a job You have at least a university degree. You have 1 to 3 years of working experience and at least 6 months experience as Product Owner or a similar position. You have strong communication skills and you know how to develop a strong relationship with your stakeholders and development team. You like to take on large projects independently and you make sure they're a success. You're excited about data-driven decisions, enthusiastic, curious, and simply a fan of technology. You like to dive into the ideal customer journey every day. You can formulate efficient research questions. This way, you quickly know exactly what someone means. You already live in the Netherlands. Relocation isn't possible. Must be a Dutch citizen or resident.
