<https://www.advertentieX.nl/x-1593034-z>

As the central IT business partner of the MVV Group, we and our 190 employees are consistently tackling the challenges of digitalization and making a significant contribution to a stable and sustainable energy supply. You too can get excited about a task with a future. Our Applications / Digital Workplace department is looking for you at the Mannheim, Offenbach or Kiel location as a Applications Expert (m/f/d) Document Management and ECM System Administration Working hours: full-time | Start: immediately This is what you can expect with us: As Applications Expert (m/f/d) Document Management and ECM System Administration you will ensure proper application operation according to SLA. You act as an elementary contact person for all questions and requirements regarding the applications / services you are responsible for. You are jointly responsible for the management of IT products and IT services You conceptualize, implement and operate sustainable IT system solutions You lead the technical cooperation in IT projects You control the service providers needed to provide services You get the opportunity to develop personally, methodically and professionally What you bring with you: Completed Bachelor's degree in computer science, business informatics or a comparable qualification. Several years of professional experience in the development and support of document management and ECM systems (preferably enaio). Good IT infrastructure knowledge in the interaction database, application server, storage. Commitment and very good communication skills Enjoyment of complex tasks and fast grasp of things Willingness to participate in the on-call duty Here's what you can look forward to: Decarbonization, decentralization and digitalization is something that no energy company can ignore today. Energy is to be generated greener, more sustainably and closer to end users. The key to this is intelligent IT solutions. With us, you have the chance to work on really relevant future topics and make a difference With us, you

can expect varied and responsible tasks and great creative opportunities. Our IT services range from self-developed applications and individual consulting services. We are the driving force in our success. Our success can be measured by the contribution to the competitiveness of our customers. We place a strong emphasis on flexibility and a flat hierarchy. Completed family and flexible working hours, mobile working and performance-based remuneration and a wide range of development opportunities are a matter of course for us. Interested? Then apply online now at <https://www.advertentieX.nl/x-1593034-z> or contact Louisa Amani on phone 034-z 1593034-z.
