Borealis is one of the world's leading providers of advanced and circular polyolefin solutions and a European market leader in base chemicals, fertilizers and the mechanical recycling of plastics. We leverage our polymers expertise and decades of experience to offer value adding, innovative and circular material solutions for key industries. In re-inventing for more sustainable living, we build on our commitment to safety, our people and excellence as we accelerate the transformation to a circular economy and expand our geographical footprint. www.borealisgroup.com | www.borealiseverminds.com | careers.borealisgroup.com We go beyond boundaries. Together. About the role Location: Belgium - Mechelen, Austria - Linz, Austria - Vienna, Finland - Porvoo, Sweden - Stenungsund Hours: Full-Time Type of Contract: Permanent We put people first and we provide solutions for a better tomorrow. In order to successfully implement our Borealis Strategy 2030, the former IT&S and Digital Studio teams are joining forces. The new "IT & Digital Solutions" organisation creates new opportunities. One of the roles necessary to ensure a fit for future organisation is a Senior Specialist SAP FI/CO. Your role will focus on being a trusted advisor for our different business units within Borealis. You will act as an internal IT functional consultant in your area and will play the vital link between business and technical specialists focussing on business needs and applying best practices of processes. We offer you an exciting and challenging job and a great portfolio of responsibilities in an ambitious and dynamic team in an innovative and growing company. In our challenge to push things forward and keep improving our processes, these will be your responsibilities: * You analyse the business needs while acting as a business partner. You work closely together with the business, giving recommendations and challenging the existing processes and systems * You develop a good understanding of the possibilities of the business processes and IT systems * You bring in new ideas and concepts, which create business value. * You translate the business needs to technical specifications, design new concepts and steer the implementation of a new or agile project, solving solution iterations in close cooperation with the business. * You are curious about business processes and the financials, but also have a perspective on how you have to digitalize and new technologies. SAP is a must when we move to a more digital world. To start your journey within Borealis, you have 4-5 years of relevant experience as an IT functional consultant in the Finance area, experience in the Controlling areas is a plus. Having worked with SAP modules FI (and CO) and/or central Finance in S4 Hana would be a strong asset to take up this role. Experience with other business processes or integrated modules (i.e. Sales and Distribution, Logistics, Material Management) or reporting, consolidation tools can also be of added value. As we want to continuously improve and push things forward in a fast moving environment, we expect you to have an agile mindset and self-driven attitude. As you will have many contacts with different stakeholders, you
