

yamaha r6 1999 (1.300 EUR)

Locatie **Noord-Brabant, Helmond**
<https://www.advertentieX.nl/x-1600833-z>

Hello, I sell my yamaha r6, I can't drive her anymore. (Back problems)

In this moment IS NOT WORKING.

The battery died, I bought a new one, but when mechanic put on, the bike didn't start, he told me some valve is blocked and cost me between 300-500 euro in total to fix. In this moment I can't drive anymore so who want some fun, text me.

The bike is in good shape for her age, very easy to drive and fast. 190kg per 120 horse power.

New tyres, new battery, check oil and things (600 euro investment, all with invoice)

For more info, video with exhaust sound etc, write in.
