Cabrinha boardje inclusief bindingen

"Tronic... is that a Snoop Dog album? No, the Cabrinha Tronic is a legendary kiteboard that has kept its cult-followed shape and thank goodness. The Tronic has a magical shape that freeriders love. It jumps, slashes, and spins its way around any terrain with ease and makes even the mediocre feel fantastic. If you want one board that conquers all check out the Tronic, it's the bomb."
