An accurate fulltime job!

Bedrijfsomschrijving

This company has been active in packaging and supplying soft fruits for over 25 years. They deliver to retailers, food services, and wholesalers throughout Europe. A significant portion of the products they supply, come from Dutch growers. Thanks to long-standing relationships with these growers, they can ensure high-quality standards. Additionally, the company has its own packaging facility allowing them to respond quickly to customer demands.

Functieomschrijving

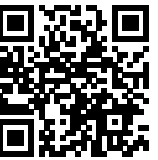

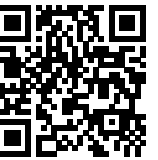

You will generate and print labels for trays and boxes based on incoming orders, adhering to customer specifications. Properly affix the labels onto the boxes and trays before sending them to the warehouse or forwarding department. Once production orders are complete, record the data on raw material consumption in the ERP system (Navision). Similarly, input the order information into the system.
