

# Scorpion Exo Tech maat M (200 EUR)

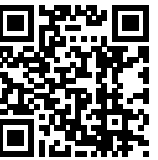

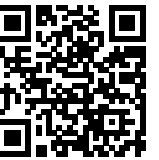

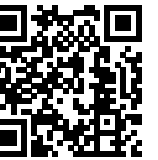

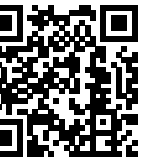

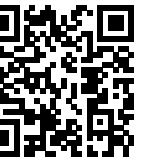

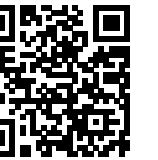

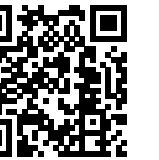

Locatie **Utrecht, Utrecht**  
<https://www.advertentieX.nl/x-1617138-z>

De Exo-Tech Evo Solid is DE Populaire systeemhelm van Scorpion waarbij het kinstuk volledig naar achteren kan worden geklapt. Het kinstuk valt aerodynamisch weg in de helm waardoor deze geen wind vangt, ideaal als je graag rijdt op hogere snelheden. Ook wanneer deze naar achteren geklapt is houdt het vizier jouw ogen beschermd tegen insecten en vuil. Ook is deze helm voorzien van een geïntegreerd zonnevizier, een antikras buitenvizier, Max Vision pinlock en uitneembare en wasbaar interieur.

P/J Homologation: gecertificeerd als fullface en open helm  
 ECE 22.06

Sun and normal screen.

|                                                                                                                                                                                                                         |                                                                                                                                                                                                                          |                                                                                                                                                                                                                          |                                                                                                                                                                                                                          |                                                                                                                                                                                                                           |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |
