You drive easily, comfortably and without worries with this Audi A4 Avant. It is a car from the year 2016, it has 120898 kilometers on the clock. A four-cylinder petrol engine and an automatic transmission ensure the excellent performance of this car. Look, that's what we call stylish: a beautiful leather interior. Combined with the wonderful convenience of the electrically operated tailgate. The complete equipment of this car also includes heated seats. The features of this car include 17-inch alloy wheels, sports suspension, roof spoiler, aluminum roof rails, heat-resistant glass, LED rear lights, heated windscreen washers, electrically operated windows, electrically folding exterior mirrors, LED daytime running lights and rear seats that fold down in parts.

The B&O Bang & Olufsen high performance audio system ensures a powerful and natural sound reproduction. The audio system is also equipped with: connected drive services, full map navigation system, multifunctional leather steering wheel, dashboard with voice control and reversing camera. The luxury of this car also includes fully automatic air conditioning. In this Audi you can concentrate on the traffic, while the car keeps an eye on the surroundings in front of you. An automatically switchable lighting ensures that the lighting switches on when it gets darker - in tunnels for example - and the rain and light sensor switches on the windscreen wipers when necessary. You don't have to do anything about it. Never suffer from a sleeping right foot again thanks to the sophisticated cruise control! Sports steering wheel with paddle shifters,

Pragmatic and safe as this car is, it has various safety systems. Brake assist recognizes an emergency

situation and increases the brake pressure to shorten the braking distance. No more hassle with the slope indicator. It has a parking assist, an anti-lock brake system, air steering

Very easy clear
