Cisco C9300-24UX-E

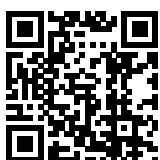

Objectstaat: Open Box (Niet in productie gebruikt)  
 Aantal LAN-poorten: 24  
 Maximale LAN-gegevensnelheid: 1000 Mbps/1 Gbps  
 Ethernettechnologie: Gigabit Ethernet (1000-Mbit/s)  
 Maximale gegevensoverdrachtsnelheid: 640 Gbps  
 Model: Cisco Catalyst C9300  
 Netwerkconnectiviteit: Wired-Ethernet (RJ-45)  
 Vormfactor: Monteerbaar in rek  
 Type netwerkbeheer: Volledig beheerd

Aantal beschikbaar: 6

Let op: aangegeven prijs is per stuk. Hele partij kopen? Bereken de vraagprijs x 6. Verzendkosten zullen hoger zijn ivm formaat van de zending, deze zijn voor de koper.

Inhoud doos:

1x Catalyst 9300 24-port mGig and UPOE, Network Essentials  
 Type: C9300-24UX-E

Introducing the Cisco C9300-24UX-E Catalyst 9300 24-port mGig and UPOE, your gateway to unparalleled network performance and reliability. This open box product offers you the perfect blend of cutting-edge technology and unbeatable savings, making it the ultimate choice for businesses looking to elevate their networking infrastructure.

---

#### Powerful Performance:

With 24 high-speed mGig ports, the Cisco C9300-24UX-E delivers lightning-fast data transfers and seamless connectivity for all your devices, ensuring smooth operations and minimal bottlenecks. Experience the power of Multi-Gigabit Ethernet, enabling you to take full advantage of the latest Wi-Fi 6 and 5G technologies for enhanced productivity and user experience.

#### Ultra Power over Ethernet (UPOE):

Say goodbye to power limitations with UPOE, enabling your network devices to draw more power without compromising on performance. This means supporting power-hungry devices such as advanced security cameras, access points, and other IoT devices without the need for additional power sources, reducing installation costs and simplifying your setup.

#### Advanced Features:

The Cisco C9300-24UX-E comes loaded with advanced features, including robust security protocols, seamless integration with other Cisco products, and intelligent network management capabilities. Rest easy knowing your network is protected from potential threats and that your entire system operates efficiently and reliably.

#### Reliability and Warranty:

Despite being an open box product, the Cisco C9300-24UX-E comes with a full warranty, giving you peace of mind and the confidence to invest in this exceptional networking solution. We ensure that each unit undergoes thorough testing and inspection, making sure it meets Cisco's strict quality standards before reaching your hands.

**Cost-Effective Solution:** By choosing an open box Cisco C9300-24UX-E, you'll benefit from substantial savings without compromising on performance or reliability. It's a cost-effective solution for businesses looking to upgrade their network infrastructure while staying within budget.

#### Upgrade Your Network Today:

Don't miss this opportunity to enhance your network's capabilities with the Cisco C9300-24UX-E Catalyst 9300. Take advantage of the open box offer and enjoy top-tier performance, UPOE support, advanced features, and unbeatable value. Upgrade your network today and experience the future of networking with Cisco's trusted.
