

## ORIG NED. Skoda Enyaq iV 60 Founders Edition, nr. 12551895 (51.500, EUR)

Locatie **Overijssel, Rossum**  
<https://www.advertentiax.nl/x-1624833-z>

Een bijzonder mooie Founder Edition BOM VOL AAN OPTIES !  
 Met nog fabrieksgarantie!

ORIGINEEL NEDERLANDS GELEVERD DOOR SKODA DE MEERN  
 Van de wereldwijd 1895 uitgegeven exemplaren is dit nummer 1255

Ik ben eerste eigenaar  
 Bij mijn zoektocht naar een nieuwe auto wilde ik een volledig elektrische auto welke ook nog eens uniek is, dit is de gelimiteerde uitgave Founders Edition geworden.

Kenmerken onder andere van de "Founder Edition" zijn Volledige led grill (zie laatste foto), speciale 22 inch velgen en oplage nummer in het stuur

Nagenoeg alle opties zijn aangevinkt

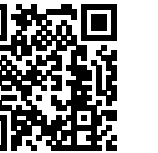

Zo beschikt de auto buiten alle standaard opties over:

- zelf rijden functie
- massage stoel bestuurder
- 360 graden camera
- zelf parkeren
- stoelverwarming voor en achter
- pano/open dak
- lane assist

- adaptive cruise control

De auto was net 1 jaar oud, 13.000,-

Ziek je een Enyaq en wilt u iets exclusiefs dan is dit hem!  
 Vind je niet gauw een 2de van en laat staan Nederlands geleverd!  
 (vanwege aankoop bedrijfssbus te)

|                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |
