

## HP ProLiant DL560 G8 (4x Six-core CPU E5-4617 2,90 GHz 64 (800 EUR)

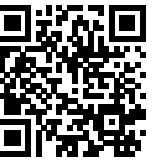

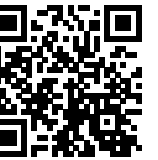

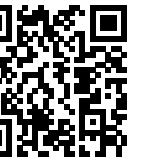

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentiax.nl/x-1626910-z>

Hierbij bied ik een goed werkende HP ProLiant DL560 G8 te koop (4x 6 core CPU = 24 core totaal). De server is in goede staat met de meest recente firmware, heeft geen hardware foutmeldingen en is werkend te zien. Een hardware diagnostic rapport van de server is aanwezig. Deze server is Ideaal voor een VMWare omgeving. In de server bevindt zich de volgende onderdelen:

- 4x Intel® Xeon® Processor E5-4617 15M Cache, 2.90 GHz, 7.2 GT/s Intel® QPI dus totaal 24 core.
- 64GB Geheugen (Kan evt. extra geheugen bijplaatsen)
- 2x 146GB, 15k SAS Hardschijf, Hot swap.
- 3x 300GB, 10k SAS Hardschijf, Hot swap.
- 2x power supply (Hot swap);
- 1x HP Ethernet 10Gb 2-port 530FLR-SFP+ Adapter (Onboard)
- 6x HP Ethernet 1Gb 2-port 332T Adapter
- 1x ILO-4 port (geactiveerd voor remote management);
- 1x DVD-Rom.
- Geïntegreerde HP Smart Array P420i / 2GB with FBWC C (RAID 0/1/1+0/5/5+0/6/6+0)

Rackmount rail kit wordt meegeleverd.  
 Ik kan in overleg de server ook.

|                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |
