Selling my Shoei NXR 2 MM93 Edition (size medium) that I bought a couple of months ago and only wore a few times before realizing it doesn't really fit my head shape all too well. Helmet is cosmetically flawless and the liner is extremely clean. Double-D ring strap and race track certified. The helmet has NEVER been dropped or so much as has a single scuff on it.

New price for this helmet is somewhere around €550, so you're getting a hell of a deal for one that is essentially new.

Helmet comes with a pinlock to prevent fogging, had to pay extra for that option but you don't have to. Put up a good bid and you can come try the helmet on any day of the week (in the evening) or any time during.
