

## 5 poorten Gigabit netwerk switch met 4 POE Ethernet poorten (50 EUR)

Locatie **Noord-Holland, Zwanenburg**  
<https://www.advertentiex.nl/x-1648889-z>

Gloed nieuwe Comelit POE Gigabit IPSWP050A switch in verpakking en doos.  
 Perfect voor en razend snel thuis netwerk, PoE voeding van IP camera's, PoE voeding van WiFi access points, en meer.

Inbegrepen:  
 De Comelit IPSWP050A switch  
 Het bijbehorende stroomdraad  
 De gebruikershandleiding  
 Vier rubberen voetzolen  
 De beugels (rack mount) voor standard 19" racking

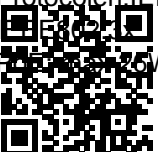

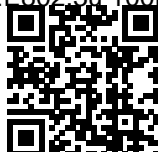

Fysieke eigenschappen  
 Diepte: 18 cm  
 Breedte: 27,14 cm  
 Hoogte: 4,43 cm  
 Kleur: Zwart

Eigenschappen  
 Aantal poorten: 5 RJ-45  
 Poorten snelheid: 10/100/1000Mbps (Auto-Negotiation)

Protocollen: IEEE802.3u 10Base-T, IEEE802.3u 100Base-TX, IEEE802.3af, IEEE802.3at, IEEE802.3ab

15W per poort, 75W

|                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                             |
