

## Iiyama G-Master GB3467WQSU-B5.

Locatie **Utrecht, Soesterberg**  
<https://www.advertentiax.nl/x-1650094-z>

Iiyama G-Master GB3467WQSU-B5. Dit product heeft een schermdiagonaal van 34 inch. Deze monitor heeft een refresh rate van 165 hz ,Is Quad HD en een reactietijd van 0,4 ms wat het dus geweldig maakt voor gamen en films / series kijken. Dit product is echt heel weinig gebruikt en dus nog in topconditie. Ik heb deze monitor nieuw gekocht voor € 400 dus ik zou niet lager nemen dan

|                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |
