

# Prachtige Amsterdammer sleepboot 12,17 meter, Kromhout (24.950 EUR)

Locatie **Friesland, Leeuwarden**  
<https://www.advertentiex.nl/x-1657328-z>

Deze mooi gelijnde (voormalige) Amsterdammer sleepboot is door een liefhebber volledig gerestaureerd en de motor gereviseerd.

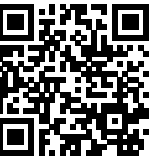

Technisch in zeer goede staat!

Vlakrapport bij van 2022 ( Zie foto's).  
 (Het schip nogmaals laten keuren is uiteraard toegestaan en geen enkel probleem.)

Afmetingen:  
 12.17 m lang  
 2.80 m breed  
 1.00 m diepgang

De motor is een prachtige lopende en vlot startende 3 cilinder Kromhout

Type: 3 LS  
 Aantal pk's: 32 pk  
 Max toeren per minuut: 1000  
 Bouwjaar: 1938  
 Motorno: 8858

|                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |
