Is quality important for you? Then this could be the job for you!

Bedrijfsomschrijving

This company is leading in the egg processing industry, known as one of the largest and most advanced in Europe. With an annual processing of millions of eggs, the company specializes in cooking, dyeing, peeling and packaging eggs. All eggs are supplied by certified poultry farms throughout Europe. Thanks to the modern machinery all operations are carried out efficiently by machine, while strict hygiene guidelines are maintained.

Functieomschrijving

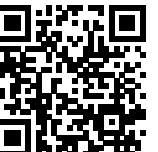

Your role as a production employee in the high care department is crucial. In this department, you will be responsible for inspecting cooked eggs, checking for breakage or incomplete eggshell removal. Your primary goal is to ensure that eggs leave the production line without any defects. Your responsibilities include:

Conducting quality control checks on eggs (breakage and shell removal); Sorting tasks and packing activities; Performing maintenance and cleaning of machines and the working environment.

Functie-eisen

Do you speak the Dutch language? Can you still learn Dutch? That's not a problem! If you speak English, at least, then this is no problem at all! Experience in the food industry is a welcome bonus, but not a requirement. What is important is how you see the situation and how you follow the guidelines. Do you have an eye for detail and accurate work? Then we would like to teach you the tricks of the trade; Willing to work in two shifts. This is from 06:00 to 14:00 or from 14:00 to 22:00. It may happen that you start earlier in the morning, namely at 05:15; Flexible use between 8 hours and 30 hours a week, depending on your preference and how busy it will be at the production environment.
