

Google Pixel 4 XL 64GB Clearly White (180 EUR)

Locatie **Zuid-Holland, The Hague**
<https://www.advertentieX.nl/x-1661840-z>

In nearly perfect condition, as good as new. Was always used with a case and screen protector, so the screen is in perfect condition, no scratch whatsoever. Battery is still very good at 93% health (see the report from AccuBattery).

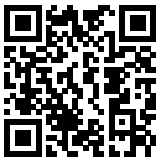

Takes very beautiful pictures and has free and unlimited uploads to Google Photos. It's actually the last flagship model from Google that still allows unlimited uploads (with the exception of Pixel 5, which is more like a mid-range phone performance-wise). In fact, I used it for a while as a second phone only to take pictures with it.

The only sign of use is an imprint of the pattern from the Spigen case on the back of the phone. It's only visible when looked at from a certain angle.

I can also provide:

- the original box
- the original cable
- a Power Delivery charger (not original)
- a new screen protector
- a silicone case

Can be picked up from The Hague or Amsterdam anytime during the week (if we arrange it one day in advance). For weekends, we can also arrange to meet in other cities (I have a weekend train subscription).
