We are looking for a new owner for our Ocqueteau Matelot, 4 meter sailboat. This boat was built by Ocqueteau in France in the 1960's as their version of the popular Zef. Long benches and a low gunwhale give it a dry comfortable ride and the steel centerboard makes it relatively stable. Easily sailed in shallow water or even up to the shore due to the lifting (swing) centerboard, lifting rudder, and rear skeg. She is easy to sail, easy to pull, and easy to launch from the included trailer.

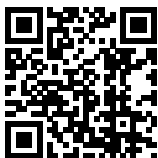

Complete with sails, long wooden oars, and a few accessories, the only thing missing is a main sheet which can easily be bought in any marine shop. The teak rub rail was professionally installed by the previous owner and is in good condition. The other wood trim parts and oars could use a coat of varnish if you want to make her shine.

The boat must go soon due to an upgrade to accomodate our growing family so any and all offers will be entertained this week. Otherwise, we will move the boat back to Brussels next week.
