Unique custom made electric bakfiets.

- + 4+ kids.
- + Rain cover.
- + 7 speed. (4th gear does not work )
- + Led front lights.
- + Panasonic 24v 250W middle motor.
- + Custom Lithium battery. 24v 60Ah. ( 3 years old and still %96 )
- + Very long range ( +100km )
- + Solar panel charges enough battery from April till September. You need to charge battery 2-3 times in Winter.
- + USB C for laptops and USB A charge ports for phones.

Front Bak fits 3-4 steps or 2 small bikes. It is great when kids are annoying at trips. Bak is great for groceries and school bags.

Special Heavy Duty backwheel as i am 100kg, 25kg kid at back seat 4 kids front , large battery and steps.

Loved this bakfiets , we collected lots of memories , picnics , parties and it saved lots of money for us. Kids loved it and my wife hate it for over 3 nice years. Our kids are out growned , now it is for the next family.

It does not attracts bad people , nobody admires it , never worried it could be stolen. Front bak and solar panel makes people have only good comments.

My bakfiets was bought it at the end of Babboe , added to the sale of G. I was looking for a electric bike , the side seat was bought as it was with me at the beginning.

could love one last trip with it. I will be happy to deliver up to 30-40km radius from.
