iPad (9th generation) Space Grey New 64 GB, Wi-Fi, 10,2 inch
 Brand new still in sealed packaging.

Product description:

The new Apple iPad has the advanced A13 Bionic chip, which ensures lightning-fast performance. The 10.2-inch Retina screen produces beautiful colors and with the help of True Tone you always have an image that is pleasant for your eyes. The new ultra-wide-angle center camera always places you in the center of the screen, which is very useful for video calling.

Display

With brilliant colors and incredible detail, the 10.2-inch Retina display is perfect for watching a movie, working on a project or creating a work of art. True Tone automatically adjusts the display to the color temperature of the environment, so that the image is always pleasant to the eyes.

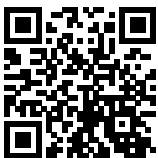

Processor and speed

Thanks to the A13 Bionic chip, everything works faster. You immediately notice this when you send someone a message, go online or use multiple apps at the same time. The GPU is up to 20% faster, giving you insanely fast graphics. Ideal if you like to play games, for example.

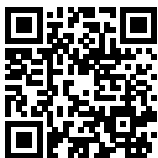

Camera

The Centerpiece feature and the 12MP ultra-wide-angle front camera together provide dramatically better images and make your photos and videos look better than ever. The 12MP help you stay in the center of the screen taking videos and both easily convert to photos. You can also make a video for social media with it. The ultra-wide-angle camera on the back captures
