

Machine Operator

Locatie **Flevoland, Almere**
<https://www.advertentiax.nl/x-1683346-z>

Are you an experienced machine operator, but you no longer enjoy your current job? Do you want a new fascination for technology and a new challenge? Do you have a high sense of responsibility for your work? Then this job offer as a machine operator in a pharmaceutical company is tailored to you!

Bedrijfsomschrijving

Our company has been on the market since 2017 and is based on combining long-term experience in the fields of research and development and quality assurance in the area of cosmetics and medical devices. Our knowledge and network, combined with creativity and passion, are key factors for our success. Join us as a machine operator!

Functieomschrijving

As a machine operator, you are one of the most important links in the entire production chain. Your experience and skills will be crucial to the quality of our products. As a machine operator, you will control the production line with a particular focus on strictly defined procedures. Your duties will also include lifting and handling products weighing between 10 kg and 25 kg. In addition, as a machine operator, you will take special care to ensure the cleanliness of the machine, which directly translates into excellent product quality.
