

Production worker

Locatie **Flevoland, Almere**
<https://www.advertentieX.nl/x-1691032-z>

If the production environment is the one in which you feel most comfortable, you have manual skills and enjoy repetitive and well-defined work, your responsibility for the entrusted tasks always reaches the maximum, then you are the one we are looking for!

Bedrijfsomschrijving

Our client has been involved in the production of cosmetics and pharmaceuticals for several years. The company has recently won new contracts and there has been tremendous growth. At the moment, our client is conquering new markets both in the Netherlands and throughout Europe. The company's growth translates into great development opportunities for its employees. Join us now !!!

Functieomschrijving

As a production worker, you perform the work assigned to you by your supervisor. One day it will be lining up bottles another, capping them, and the next you will have other tasks waiting for you. It is also your job as a production worker to keep your surroundings clean and to help other colleagues or work in other departments when necessary. As a production worker you will do a different job each day. It is very important that as a production worker you realise how much depends on your job well done.

Functie-eisen

experience in production work;a very high level of responsibility for the work performed;ability to work two shifts;ability to communicate in English or Dutch at a basic level;own accommodation;own transport;willingness to work long term;
