

Volvo V70 2.4 180PK AUT 2005 Bruin (8.500, EUR)

Locatie **Zuid-Holland, The Hague**
<https://www.advertentieX.nl/x-1696682-z>

A beautiful youngtimer Volvo V70 from it's first owner in NL.

Full service history with documents. Unique color/upholstery combination. Purchased from Scandcar in 2021 August with youngtimer advantage.

Drives smooth, shifts perfect and stops firmly.

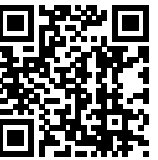

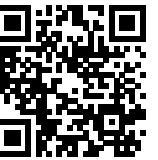

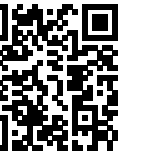

She made it all the way down to Greece non-stop, twice, without a hiccup. With 225000 km on the clock, 5 cylinders are humming everyday better.

Rolled out from the factory with 140PK. I found it a bit low so I have gone for a software remapping by Obbe Tuning to produce 180 + PK. Afterwards it could keep up with the autobahn pace without struggle..

All the maintenance and parts replacements completed rigorously. No smoke, no oil cap blow, no fuss.

AC cools down great at highway drives at 40C, winter heating up is sweating, seat heating roasts your bottom and back, external heater (standkachel) is also available with orig cable.

Asking price reflects the car's premium condition, keep that in mind when comparing with the others. All age related part replacements are already completed.
