Experience the perfect blend of design, functionality, and Al-driven features with the LG G7 ThinQ. A phone that balances traditional design with modern tech.

Key Highlights:

Display: Super Bright LCD, ensuring visibility even under direct sunlight.Performance: Features a robust chipset and has received an upgrade to Android 9 Pie.Al Capabilities: Comes with a dedicated Al button that activates Google Assistant. It offers far-field voice recognition for precise command understanding.Camera: Dual-lens Al camera that can auto-tune settings for enhanced photos, equipped with Super Bright Mode for low-light situations. The camera also boasts a wide-angle lens, capturing more of the scene in front of you.Front Camera: Upgraded 8MP front-facing camera for clearer selfies.Design: Elegant, risk-averse, and practical design. Not flashy, but smart.Other Features: Google Lens integration, robust cinematic video tools for 4K recording, and an all-day battery life.Condition: The phone operates perfectly. However, due to accidental drops, the casing has some damage (see pictures). This is reflected in the discounted price.

Brief Overview: While the LG G7 ThinQ might not be the latest in the company's lineup, it remains a solid choice for those looking for a dependable, Al-integrated smartphone. It doesn't boast flashy features of some of its competitors but emphasizes smart, practical usage. Its Al camera enhancements, dedicated Google Assistant button, and robust design make it a compelling choice, especially at this price point.
